

To all of River City Patients regarding COVID-19

We want to reach out and let you know that we are continuing with patient care for the time being. We are communicating and closely monitoring the situation locally and around the world. We are seeking guidance from local authorities, the CDC, and Panhandle Health to ensure the safety of our staff and patients.

At this time please continue to frequently wash/sanitize your hands, cover your cough, and stay home if you are running any degree of a fever.

If you have concerns about coming in please know that we are regularly sanitizing the clinic, surfaces, tables, and equipment.

If you have a fever or other symptoms please call the office as soon as possible to discuss keeping your appointment versus rescheduling your appointment if needed. RCPT wants to be a calm voice of reason and information for you and your families.

It will be helpful if you review the information and recommendations on COVID-19 on the Panhandle Health website: <http://panhandlehealthdistrict.org>.

We are continually praying for wisdom as we seek to continue to treat our patient's that come into RCPT.

If you have questions or concerns at any time please speak directly with your therapist or the office manager.

Thank you and God Bless,

Scott Randklev and David Hillman
